

East Berks

On the social side, our recent 'Elvis Night' raised over £500.00 for the local Air Ambulance, our nominated Charity for this year. It is hoped to add, considerably, to this figure with our Chiltern Hundreds Run on 16 July, so as Graham noted last month, please mark this date in your diaries for a spectacular ride out. Full details will appear in Wot's On ? in due course.

The day of the Pioneer Run was not particularly bright, so only attracted 5 riders, 4 of whom managed the whole trip and the one complained of the cold and went home.

Our intrepid trials men, Carl, Graham, Roger and Ralph, have completed in the March Hare, the Torbay Combined Car and Bike, and the Golden Valley events over the past month with varies degrees of success on their AJS's, Matchless and BSA.

John Deane celebrated his 89th birthday recently, and is still turning out bikes of the marque from his many parts collected over the years. There's hope for us all !

Our last Club Night was gifted a fascinating talk by Ben Mitchell, who entertained us with tales of his cross Australia bike ride, with wife Lynne, both on Ariel's. Yes, those things. He has also used the same bike crossing other Continents, a significant achievement.

Keep an eye on the details each month in Wot's On ? for our various events, to which you are all welcome.

Stay Happy DY
