

East Berks Section Notes for September 2017 Jampot Magazine.

Isn't it typical, as summer arrives along with school holidays and we're all anticipating some fine weather for rides out, the weather changes for the worse and the grandchildren arrive to scupper your plans for bike work in the shed.

However, we in East Berks don't allow these small interruptions from totally spoiling the positives in life and we were blessed with a fine mid-July day for our annual Chiltern Hundreds Charity Run. Twenty-five section members and friends gathered at the Wyvale Garden Centre in Little Marlow for a 10:00am start on a seventy mile tour of the Chiltern Hills. Terry won the premier award for Best Bike with his 1964 Matchless G12 CSR. Well done Terry!

Five members took their bikes to an event held at the Phoenix Rugby Club in Burnham. However during the afternoon high winds developed and time was spent hang gliding with the gazebos erected on the field.

Rex's Midweek Runs are currently not being well supported, with only himself and Roger riding to Loomies Moto Cafe at West Meon. So get those bikes out and join him on his next run.

Eighteen members turned out to our first August meeting, which, because of the inclement weather, meant all arrived by car. Hopefully well have better weather and more members out riding later in the month.

Safe Riding to everyone!

Dave Gregory
