

East Berks Section May Jampot Notes

Well at last we seem to be getting some better weather after some wretched snow and rain.

The trials season is in full swing, Carl and Crash tried to ride in the Torbay Classic but decided the icy roads and solo motorcycles don't mix, so decided to pack up and come home. Better luck for this pair when they rode in the Cotswold Cup, they report a tough event but finished well but no cigar.

3 East Berks riders (Carl, Graham & Crash) rode in the March Hare trial, 40 mikes of green (muddy) lanes and 32 sections. All in the most beautiful Golden Valley near Stroud, it makes you appreciate just how lucky we are to be able to indulge ourselves riding in such a great part of the world.

Captain John Tinley is building more WD Matchless's, and his son Joe will soon be campaigning his AMC scrambles bikes at the Mortimer Events. If you live near Reading its a Scramble well worth attending. The next meeting is on 19 & 20 May.

Also Mick Baldwin is racing his AJS 7R in the Lansdowne Series, and is really getting to grips with his bike and mixing with some of the established 350cc riders. I think he and Crash are going to be racing at the Snetterton meeting on 19 & 20 May That's it for now, ride safe.
