

East Berks Section – Jampot Section Notes – July 2018

No notes were submitted to the Jampot for the July edition, mainly because Ralph forgot that it was his turn to write something. However, for various reasons, for the period covered by the notes (10th May – 10th June – these being determined by Jampot publication deadlines). Not much happened in the club. No one took up the option of riding all the way to Portugal for the International. The Scramble event was attended but not by the nominated scribe and the website maintainer was either on a one week walking trip to Scotland or a two week tour of North West Ireland with his wife on a modern bike. By the way the riding on The Wild Atlantic Way in Ireland is highly recommended. There should be more to report in the next set of notes as we have our Capitals Tour coming up.
