

East Berks

We are busy preparing for the Alternative this year at the Burnham Cricket club and are awaiting your entry forms for what's going to be a splendid event with great runs that Roger and Rex are finely tuning.

The 11th of Aug will be a past event by the time you read this to Sammy Millers.

After the exploits of the capital run Roger has been sorting Rex's machine which sadly decided it would not go to the capitals, they did all however enjoy themselves and I hear through the grapevine that Roger is cooking up yet another adventure next year Ralph did suggest the sewage works of county towns but that sounds a bit crap to me.

Roger and Ralph along with Mike Baldwin spent a weekend at Donnington racing, well when I say racing Mike had some good results on a 7R with a third and fourth whilst Roger and Ralph tried to repair the Triumph that refused to start, I won't go into why as you can ask him yourself.
