

## **East Berks April 2019 Section Notes**

Hi all after a short interaction from the sun lets hope its of things to come this summer, Dennis Wray was able to attend the club night on the 18<sup>th</sup> of Feb and demonstrate the installation of the brightspark modification into the magneto, which generated a lot of interest.

Roger and Carl entered the March Hare trial both on bikes of the mark, apparently it was the wettest they had both ever been and they retired at lunch time, word on the street is the signage was not up to its usual high standard and at times they were a little lost.

The 18<sup>th</sup> of March club night Andrew Philips will be giving us a talk on his working life in the military which sounds like a blast.

The next bike event I believe is the pioneer run which is the 24<sup>th</sup> March so hopefully see a few faces there.

The usual suspects have entered the Lands' end trial, Andy, Steve and I will head up a team followed by Roger, Carl and Ralph so will keep you posted as to who claimed what and who couldn't remember the rules.

Again, this year our nominated charity will be Prostate Cancer so if you would like to donate feel free, we will be running events throughout the year to raise some dosh.

So now the salt has gone it's time to uncover and fettle the old machines and to test run the winter projects.

So, see you all out there.

**Graham Lloyd**
