

### **East Berks June 2019 Section Notes**

Having returned from a months tour of NZ (albeit on a hired modern Beemer) I was disappointed to learn that there had been no takers for the Pioneer Run. At the last club night in April, RA admitted that he had recently been black flagged at Cadwell for running his mate off the track (claimed 6 of one and half a dozen of the other). Later on during the same track day, he threw his (modern) bike down the road and it now needs some TLC.

On "Ride it Day" three of us on AJSs (350, 500 and 600) set off from Marlow and met up with three others at the Bull in Streatley (only one on an AMC bike). We took a road over the downs to Bishopstone where there were plenty of classic bikes and cars. Several members of Oxford and Newbury section were met and after a short socialise, mugs of tea and or burgers, we headed back home. Nice ride.

Events for June are Club nights on 3<sup>rd</sup> and 17<sup>th</sup>, the latter is to be a petanque competition with another local bike club. 1<sup>st</sup> July is our Annual Bike Night and Sunday 14<sup>th</sup> will be our Charity Run for a Prostate Cancer Fund, further details on website, Forum and Facebook as and when details are sorted.
