

East Berks August 2019 Section Notes

Rex and Mary Morrey were our only representatives at a very wet and curtailed Isle of Man TT, but luckily the weather improved sufficiently for our first Pentanque competition, held on the second Club Night of June. John Tinley and Ralph Brown emerged as victors.

Our annual Bike Night (1st July) was graced with good weather, a turn out of some 175 bikes, 200 odd people and collected £120.00 for our charity, Prostate Cancer.

Terry Goodall even managed to arrive on his immaculate Scott, a bike that he has been rebuilding for some 3 years, and is due to give a Club Night talk on its idiosyncrasies, impossible spares supply and massive frustration during that period. Date to be advised.

Former Kempton Park Auto-Jumble boss and Section member Eric Patterson together with Roger Ashby and their respective wives travelled to Croatia and participated in the FIVA Rally, based in Umag. General comment, long way to go (even in vans) absolutely great time there, although being held at the same time as the European heat-wave, it was mightily hot. Eric was on his G80 and Roger his Model 30, no problems with either. Full details of the Rally can be found on the FIVA web site.

Similarly, all our future events, photos of the Bike Night etc, can be viewed on our Section web site, www.amoc-eastberks.co.uk, under Latest News.
