

East Berks Jampot Notes for April 2020 Jampot Magazine

Not much has happened in the motorcycling activities during February. Crashby and DY have been galivanting abroad on holiday.

On 2nd March, Andrew Phillips did the second part of his chat on "Things That Go Bang" on his time with the army. A relatively small but select group were there but all agreed that it was very interesting and entertaining.

By the time this report comes out the probable first run of the year to watch the Pioneer run will have happened. The next run is likely to be on the Federation of British Historic Vehicles Clubs "Drive it Day". The details of the run are still TBD, but will be posted on the web-site, Facebook and the Forum.

Roger and Rex are into the final planning of our expedition to Brittany, ferries and accommodation are booked and a rough route drawn up.

Note that the next club night will be on 20th April as the Cricket Club is not available on the 6th.

Rex Morrey,
