

East Berks June 2020 Section Notes

Simple this month, nothing has happened, well not at our Section anyway.

While there has been a bit of telephone and email contact between members, nothing more.

I can imagine a mass of fettling going on both in the garage, then the house and due to the glorious motorcycling weather, in the garden.

When this 'getting to know you very well' situation has passed, my money is on miserable wet weather appearing and reducing the encouraging opportunities of getting on the bike and having a plod round.

Stay safe inside and try to keep out of trouble.

Dave Younger

Safe riding, stay happy.

DY
