

East Berks March 2021 Section Notes

What have we been doing - NOTHING

What are we planning to do - NOTHING

What is there to say - NOTHING

What you all may wish to know other than whether Tom, Dick or Harry has been able to change his widget nut for the redesigned widget nut Mark2, or even located the reason for that unusual sound emanating from the secondary grunge pump, is news regarding our Club Night meeting place.

As with other similar establishments, they have been closed since lock-down number 1 and intermittent enquiries to them have not elicited any response. However, news has been received this week (first week of February) and this was that the Cricket Club are intending to open, as normal, as soon as the Covid restrictions allow.

It is nearly a year since we all met on a 'Club Night' and there was a growing suspicion that the Cricket Club would not re-open as previously, so really good news.

We will email all Section members when definite dates are available.

Assuming Notes Editor Dave has the space free and can publish the photograph, it's just a reminder that the sun does shine and we will be able to get out and enjoy ourselves as soon as the situation allows.

This leads on to the fact that when this long awaited day arrives, it is likely that some of you could well be a little 'rusty' in respect of road craft. Please go carefully to start with and remember, two wrongs don't make a right, but three lefts do.

Stay safe inside, try to keep out of trouble and when possible careful and safe riding.

Stay happy.

DY
